

Qualità Extra Bar

The taste for excellence, the aroma, a superior blend created with passion and care.

A smooth and well balanced cup where a good acidity and full body combine and are completed by the aroma, thereby giving the coffee a sharp, fruity and persistent smell.

A wealth of positive feelings, relaxation, physical well-being and an immediate immersion into the typical atmosphere of Central and South American countries.

A unique coffee blend to be enjoyed in a coffee shop or in the quiet of your home.
