€

Mappa

Sincera Sistemi, a constant presence in the international market over th e years, presents itself as a leading company in bottle waxing with Sealing Wax. Tha nks to the wide range of products and the ten-year experience gained on the field, Sincera Sistemi can offer ad-hoc advice and innovative solutions to its customers. T he ease of use of our machines ensures a steady and even production with the pos sibility of working different bottle sizes, from 0,5 lt. to 6 lt. on standard machinery, a nd then up to 27 lt. on Sincera XL. The quality of the finished product and the simpli city of the application are the slogan that we have proudly driven forward since the very beginning. Nevertheless, the real beating heart of our success is Sealing Wax, r esult of years of experience, tests and improvements. Thus, we are able to provide a product of undisputed quality. The ease of capsule cut, the colour retention and t he consistency make the Sealing Wax the best of what you can find on the market. Seek advice from Sincera Sistemi about the most suitable machine for your needs and about the best ways to use the Sealing Wax. Whether you are a small producer or a great wine cellar, Sincera Sistemi will provide you with the best advice and sup port. Seal your Quality in a simple and fast way ! Go for Sincera Sistemi !
