Alimec RUSSO: ALIMEC - TECNOLOGICHESCO RAZVITIJE. S 1983 goda my p roizvodim avtomaticheskie i poluavtomaticheskie sistemy dlya proizvo dstva pečen'ja, tortov, keksov, pončikov, farširovannyh kruassanov i n apolnitel'ej dlya piŭcцы. Proekty, kotorye pojavlyajutsja v rezul'tate akt ivnogo sotrudničestva s natsional'nymi i meždunarodnymi zakazčika mi, imejut četkuju cel'ju: predložit' opyt, tehnologii i izobretatel'no st' v kačestve rešenija samyh složnyh proizvodstvennyh zadat. My ra dy novym vyzovam, daže tem, kotorye kažutsja trudnymi ili nevozmož nymi, predlažаем avtomaticheskie linii, sootvetstvujuschie vysokim st andartam proizvodstva. S aktivnym i dinamičnym podhodom my eže dnevno rabotaem nad tem, čtoby vsегда predlažat' lučšee s točki zrenija kačestva, tehnologii i tehničeskoj podderžki. KOMPANIJA: V 1983 godu proekt Alimec načal obratat' formu v malen'koj remeslennoj master skoj, gde sozdavalis' pervye mašiny dlya ital'janskogo rynka. So vremen em, po mere rosta zakazov, rešajutsja različnyh zadat: uveličenie poč asovoj proizvoditel'nosti, soščaznenie otkhodov, uskorenie izmenenija formata, dobavlenie različnyh načinoek, idealnoe raspredelenie in gredientov. Celye dni, ino gda noči my provodili v poiskah idealnogo rešenija dlya zaprosov klientov. Blagožarja aktivnomu učasťju vse bo l'šemu štatju sotrudnikov, gotovyh priņjat' novye vyzovy, pod ruکوو dstvom dejstvujusčego menedžmenta i sil'noy intuiciji, Alimec načina et vyhodit' na meždunarodnyh rynki, orijentirujas' ka na kompanii s srednego razmera, tak i na bol'shie gruppy. Sposobnost' videt' dal'she i osobaja predraspoložennost' k kontaktu s klientom delaјut Alimec ser odna naždežnym partnernom, sposobnym sozdat' vysoko proizvoditel' nые mašiny i sistemy, podhodjašie dlya udovletvorенija samyh trebov atel'nyh zaprosov rynka. V 2016 godu proizošla eše odna evoljucija: is toričeskaja štab-kvartira Alimec ustupaet mesto Pramecs, novoj kompan ii, kotoraјa zaniмается meħaničeskoj obrabotkoј. Alimec pereezžaet na novoe i bol'see krupnoe predprijatije v dolinah Pasubio, eše bliže k gor nym veršinam, kotorye rasslaбljajut vzgljad i v to že vremenя vдохновля ют podnimat' mečty na vysokie уровни. Projects continue to grow thanks t o active collaboration with our national and international clients, who rely on our c lear promise to them: Alimec offers experience, technology and know-how to find s olutions for the most complex production requirements. New challenges are alway s welcome, even when success seems to be difficult or impossible to attain. Alimec supplies automatic lines suitable for high capacity plants using fully customized sol utions. Our target is the satisfaction of our customers. With our proactive and dyna mic attitude, we consider every day a new opportunity to offer the best solution av ailable in terms of quality, technology and service/assistance. COMPANY In 1983, th e Alimec project began taking shape, following a path that started out in a small wo rkshop which saw the birth of the first machines for the Italian market. Over time, customer requests increased, as did the problems to be solved: increasing hourly production capacities, reducing waste, speeding up product changes, injecting part icular fillings, distributing toppings perfectly. Whole days – and sometimes nights –

searching for what is not always obvious, the perfect solution to customer requests . With the active participation of a highly-efficient and dynamic staff, always ready to accept new challenges, driven by strong and intuitive leadership, Alimec began climbing international markets, addressing both mid-sized companies and large groups. Farsightedness and special attention paid to customer relations today make Alimec a reliable partner, capable of producing high-performance, custom-made machines and lines to meet the needs of our most demanding customers. . During the 2016 there has been another evolution: the historical Alimec site, left its place to Pramecc, a new owned company, specialized in mechanical processing. Alimec moved into a new and bigger factory into the green and lovely valleys of Pasubio mountains, even more closer to the beloved peaks, which are relaxing for the view and, at the same time, inspire to move the dreams higher and higher.
