Descrizione

Liferafts are one of the best tools in the recreational yachting field to ensure passenger and crew safety in the unfortunate case of vessel abandonment at sea. The ability of these emergency boats to absorb sea turbulence and resist shock, protecting passengers from waves thanks to the tall and thick walls, has reached new levels of excellence thanks to the latest innovations and the introduction of new and even more resistant materials. Versilia Marine Service sells the best liferafts currently on the market and performs a punctual and professional repairs service in Viareggio and throughout Versilia.
